How can I log in on healthmov?

1. **Download the App:**

- To get started, download the healthmov app from the store using this link: [Download healthmov](#).

2. **Open the App:**

- After downloading, open the healthmov app on your device.

3. **Enter your email:**

- You will be prompted to enter your email address. Make sure to use the email that is associated with your healthmov account (linked to your insurance policy).
- If you get an error message saying "this email doesn't exist," please contact support@healthmov.com to help you find your correct credentials as registered in the HealthMov database.

4. **Verify your email:**

- A verification email will be sent to the email address you provided. Open the email and follow the instructions to verify your email address.

5. **Login and use the App:**

- Once your email is verified, you will be logged in automatically and can start using the app.

My email doesn't exist in the system, How can I resolve this?

There might be no account associated with the email address you have entered, please try to sign in with the personal/ corporate email that may be linked to your insurance policy account. If you don't know your registered email please contact support@healthmov.com.
